

The Community Health Clinic Mandatory COVID19 Precautions

1. All staff, volunteers, students and interns will wear a mask or cloth face covering at the following times while engaging in activities related to the CHC:
 - a. While arriving or leaving the CHC.
 - b. While in face to face contact with any patient or colleague.
 - c. While in common spaces in the clinic (hallways, break room, etc..)
 - d. At any time social distancing cannot be practiced.
2. All staff, volunteers, students and interns will check their temperature immediately upon arrival to the CHC and document the reading on the CHC daily temp log.
3. All staff, volunteers, students and interns will follow CHC recommendations for appropriate PPE while in contact with patients.
4. All staff, volunteers, students and interns will follow the CHC's COVID19 safety plan at all times while engaged in CHC related activities.
5. If a staff member, volunteer, students and intern experiences symptoms concerning for COVID19 including fever, cough, difficulty breathing, sore throat, loss of taste or smell, vomiting or diarrhea they will immediately notify their direct supervisor and follow recommendations for departing the clinic, testing and quarantine, if required.
6. If a staff member, volunteer, student or intern has a known exposure to any person with a positive COVID19 test or any person with a pending COVID19 test they will notify their direct supervisor and follow recommendations for quarantine and testing.

The CHC's detailed COVID19 plan is available upon request.
